

Printable Ring Size Chart

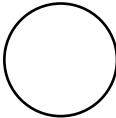

1. **Print at 100%** scale (no 'Fit to Page' or 'Shrink to Fit').
2. After printing, verify that 1 inch = 25.4 mm using the ruler below.
3. **Find a ring** that already fits the intended finger comfortably.
4. **Match it to the chart:** Place your ring over the printed circles below.
The inner edge of your ring should perfectly align with the black circle.
5. Alternatively, measure the **inner diameter** of your ring and find the closest match.
